

Get Quote: Fireplace Dimension Worksheet

Let Us Size a Mantel for You!

Simply gather the existing dimensions of your fireplace and its facing (after any demolition and/or remodeling has been completed). We will then calculate the dimensions of a mantel that will fit!

You can submit your dimensions to us by **filling out our online form**, or you can fax your completed form to 1-205-449-4430 or call us directly at 1-866-983-3267.

Within 1 business day, you will receive a dimensioned line drawing of the mantel and an estimate via fax or email for your review. After verifying the dimensions of the line drawing and you're ready to finalize your order, simply follow the instructions on your estimate.

Mantel Style: _____

Wood Type: _____
